Blister cards

PRODUCT ADVANTAGES:

- Fixing solutions for every application and fixing substrate.
- Highest safety with products made of plastic, steel or as an injection mortar system – for every load class.
- Universal and specific problem-solvings.
- Range with anchors or anchors with screws or hooks, as well as with further smart additional products.
- Professional quality, partly with ETA-certificate (European Technical Authorization).
- Fast and easy product installation, especially for DIY customers.
- Beside power drills, there is usually no other special equipment needed.

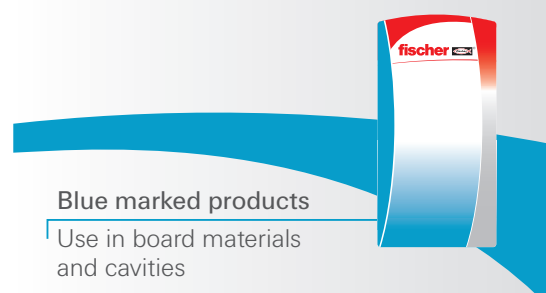

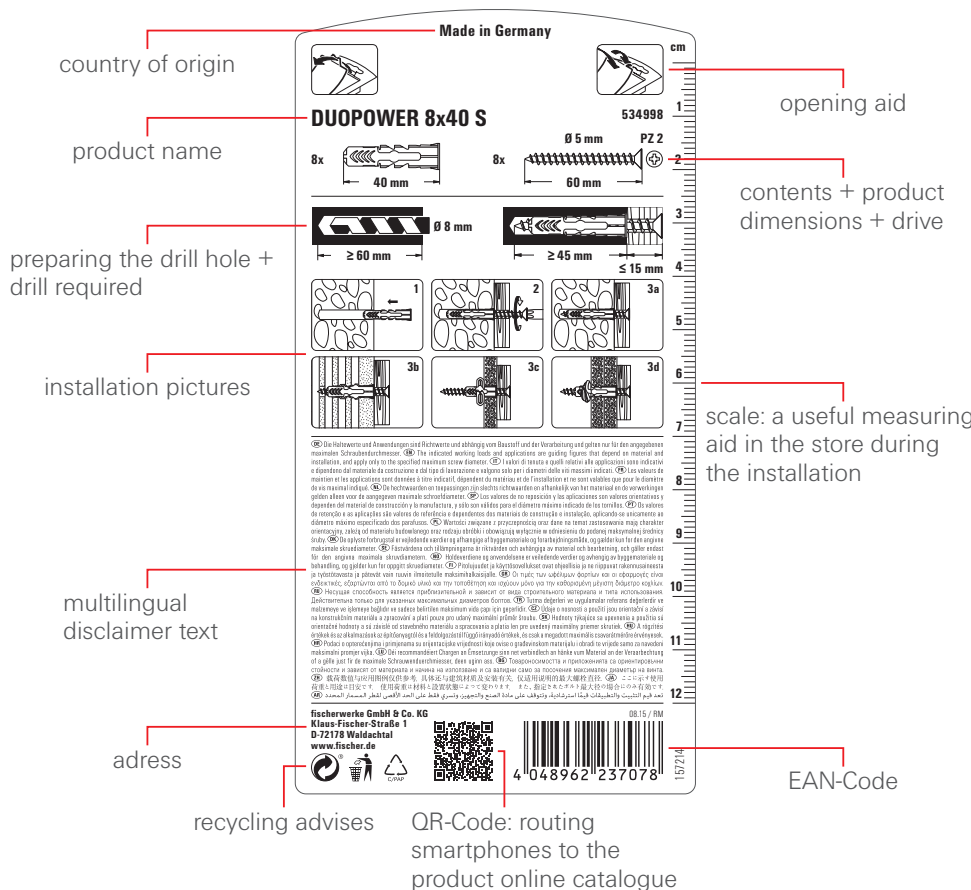

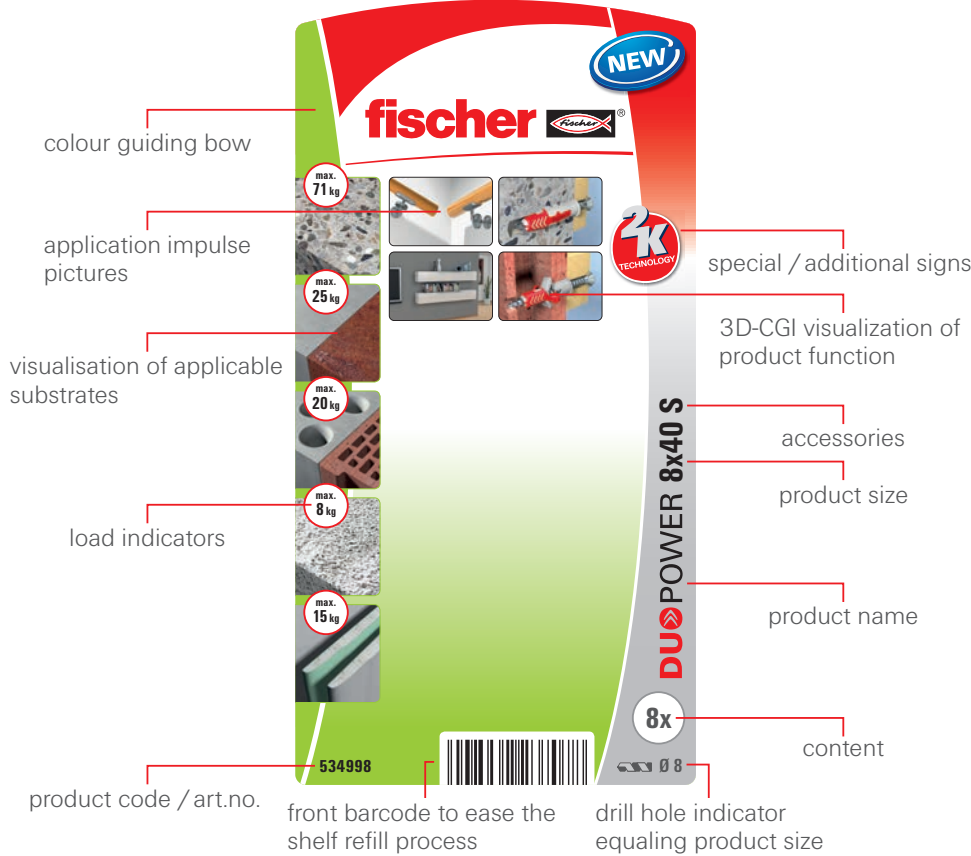

RANGE:

- Complete, modular range with about 450 modular blister cards in a short and long format.
- Visibility-packaging with recyclable materials (cardboard and PET).
- Appealing and nonverbal design, for an easy product selection due to application examples, building materials and loads.
- Color guiding system for a fast product selection.
- DIY oriented packaging contents.
- Various selection-supports for the Point of Sale:
 - Plug-finder
 - Selection boards
 - QR-Codes
 - Website

Blister cards grey

Blister cards sets

PRODUCT ADVANTAGES:

- Specific for many different applications. Each set includes all necessary parts, like anchors, screws, drill, bit, special screws, covering-caps, stickers, special holders, etc..
- Fast application-specific selection. Prevents lengthy and annoying purchase of all single parts.
- Avoids the purchase of wrong products by unexperienced end-users.
- Ideal for additional turnover.

RANGE:

- Complete range for common standard-applications.
- Perfect for the secondary-placement in the respective product group within the DIY store. Also suitable for the placing in the fischer-shelf.
- Appealing non-verbal packaging design fitting with the remaining blister range.
- Single parts are good visible in the set packaging.
- Color guiding system for a quick product selection.
- Clear depicted product- and installation information.

Set - Wash basin W M10

Blister cards greenline

PRODUCT ADVANTAGES:

- greenline products have many advantages for installers and builders, to whom sustainability of the fixing solutions is very important while building and renovating.
- Nevertheless, they guarantee the same loads as comparable standard products.
- All greenline products are manufactured at least with 50% of renewable raw materials. They are certified by DIN CERTCO / TÜV Rheinland.
- Best possible emission class A+ „very low emission“.
- Data basis for an ecological building evaluation according EPD (Environmental Product Declaration of the Inst. „Bauen und Wohnen“).

RANGE:

- The first fixing range worldwide, based on renewable raw materials.
- It comprises plastic universal- and special anchors with and without screws and hooks, as well as the injection mortar FIS GREEN 300 T with approval for non-cracked concrete and masonry.
- With the seven available product groups almost every application problem can be solved.
- Plastic anchors in visual blister cards and as well in folding boxes. The mortar comes with an injection cartridge.
- Color guiding system for a quick product selection.
- Clear depicted product- and installation information.

Blister cards SaMontec

PRODUCT ADVANTAGES:

- Fixing solutions for specific sanitary applications.
- Selected products and kits for highest safety.
- Range with plugs or plugs with screws or hooks, as well as with further smart additional products.
- Clamps in all current sizes.
- Fast and easy product installation, especially for DIY customers.
- Beside power drills, there is usually no other special equipment needed.

RANGE:

- Standard range with well-established sanitary fixings.
- Single products or complete kits for specific applications.
- DIY oriented packaging contents.
- Appealing und distinguished packaging layout, for an easy product choice guided by language and symbols.

fischer 
innovative solutions

The fischer plug finder

offers the right product for your application

DIFFERENT SUPPORTING MATERIALS ARE AVAILABLE

▪ Online plug finder

▪ fischer-APP, plug finder

▪ Electronic plug finder

▪ Print plug finder

Other packagings

PRODUCT ADVANTAGES:

- Appealing target group-specific packaging types:
 - Product-single labelling
 - Different boxes and cans
 - Different polybags
 - Bucket-bunch
- Dedicated range, contents and packages for specific applications and costumer groups.
- Available in the versions with anchors or with anchors and equipment.

RANGE:

- Complete range of packaging solutions for specific applications and customer groups.
- Perfect for the secondary-placement in the respective product group within the DIY store. Also suitable for the placement in the fischer-shelf.
- Appealing non-verbal packaging design building materials and loads.
- Single parts are good visible in the set packaging.
- Color guiding system for a quick product selection.
- Clear depicted product- and installation information.

Chemical fixings

PRODUCT ADVANTAGES:

- Universal injection mortar for anchorage of high loads in different building materials.
- Expansion-free fixation allowing for low edge and anchor distances.
- Comprehensive and dedicated range of accessories available. Enhances the flexibility of the system for a wide range of applications.
- Complete sets for an easy and fast selection available. No annoying search for the single components.
- Decrease the „purchasing treshold“ for new and unexperienced users.
- Processing with commercially available standard dispenser.

RANGE:

- Application-specific contents (100ml, 150ml, 300ml).
- Appealing and stable packaging with view on the product and accesories.
- Appealing packaging design fitting with the blister range.
- In different languages available.
- Products are always equipped with the necessary static mixer.
- Colour guiding system for a quick product selection.
- Clear depicted product- and installation information.

Universal binder

PRODUCT ADVANTAGES:

- Elastic and non-slipable.
- Economical, because it can be divided and thus used 100% (1 tie = approx. 4 fixings).
- Soluble and reusable.
- The diameter can be adjusted individually from 5 to 85 mm.
- Versatile and combinable.
- Temperature compatibility from -20 °C to +60 °C.
- Injury safe.
- Innovative and adjustable.

RANGE:

- Different colours available according to the specific application for an „invisible“ fixing.
- Different languages and non-verbal versions available.
- Perfectly differentiated from conventional ties in technical and economical aspects.
- Ideal for various applications, like
 - Cables, electric components
 - Pipes, hoses
 - Handicrafts, decorations
 - Machines, signage
 - Plants, flowers, trees
 - Bags, pockets
 - Motorcycle, vehicle, bicycle
 - Camping and travellingts
 - and a lot more

Modular storage systems

PRODUCT ADVANTAGES:

- Range consists of various hooks to solve different storage problems in the house, garden, cellar and garage.
- Complete hook sets with fixing materials (incl. plugs and screws) for the wall installation.
- All hooks and fixing solutions offer a high load-bearing capacity according to the application.
- Consists of stable, chromium-plated and rust-proof round steel.
- Fast installation: drill a hole, insert the plug, install the hook - done.

RANGE:

- Complete range with special hook-solutions for a multitude of applications.
- Perfect for the secondary-placing in the respective product group within the DIY store. Also suitable for the placement in the fischer-shelf.
- Easy product selection because of the perfect visible products and applications.

Multi hooks

PRODUCT ADVANTAGES:

- Stable hooks, load-bearing capacity up to 15kg.
- Practical because no tools are necessary for the installation.
- Neat design.
- Universally fitting for doors, cupboards, shelves.

RANGE:

- Different colors available fitting to different interiors.
- Packaging with many application examples and good visible products for maximum legibility.
- Perfect for the secondary-placement in the respective product group within the DIY store. Also suitable for the placement in the fischer-shelf.

General information / PoS

1

PRODUCT SEGMENTATION AND COLOR GUIDING SYSTEM

- Focused on product groups like plug, plug with screws, plug with hooks, etc. and substrates according colour codes.

2

DIFFERENT PRODUCT PUT-UPS

- A. Blister cards

- B. Folding boxes

- C. Assortment boxes

- D. Single labeled products

Additionally we offer dedicated and application oriented product solutions and displays for any kind of secondary product placement.

3

POS MATERIAL

- Everything what is needed to build up an organize a shelf. For detailed information please refer to the fischer PoS & Decoration catalogue. The PoS & Decoration catalogue is available under:
<https://secure.ugfischer.com/werbemittelshop/Content/pdf/160225-Decoration-catalogue-screen.pdf>

4

PLUG FINDER

- Choice of the right product made easy. Different supporting materials are available like:
 - Print plug finder

- Online plug finder

- Electronic plug finder

- fischer-APP, plug finder
