

Time
Subject
Responsible
10:00am - 10:05am

Words of Welcome and Introduction of the Speakers

Mr. Mostafa El Hosseiny
GM - Engineering - fischer MEA

10:05am - 10:35am

Innovation @ fischer, company journey from the plastic plug to BIM and robotic solutions

Dr. Ronald Mihala, Member of the Executive Board R&D
Dr. Oliver Geibig, Divisional MD Global Projects & Engineering, fischer Group

10:35am - 11:00am

fischer Middle East, Overview and innovations in the region

Mr. Gürol Sevim
Managing Director - fischer MEA

11:00am - 11:30am

Keynote Speech – Anchoring and Future Trends of the Construction Industry

Prof. Konrad Bergmeister
University of Natural Resources and Life Sciences, Vienna, Austria

11:30am - 11:45am

Coffee Break
11:45am - 12:00pm

Speech of the Day - Overview / Key Trends in from Dubai civil Defence

Ms. Salma Al Ali
Head of Engineering Section, Dubai Civil Defense

12:00pm - 12:30pm

Fire protection of steel and concrete elements. How to choose the right system and material.

Ms. Cristina Perez Domper
Regional Manager at Intertek Building & Construction

12:30pm - 13:00pm

Challenges and Case Study in Retrofitting for Fire Safety

Dr. Mohamed Yousufdeen
Fire Experts, House of Expertise.

13:00pm - 14:00pm

Lunch

| Time | Subject | Responsible |
|-------------------|--|--|
| 14:00pm - 14:45pm | Repair & Strengthening of Structures | Prof. Ashraf Biddah MD – eForce Engineering Vice President – International Concrete Repair Institute - Dubai |
| 14:45pm - 15:30pm | Sustainable Strengthening Solutions for Building Retrofitting | Dr. Máté Tóth Head of BU Structural Retrofitting, fischer group |
| 15:30pm - 16:00pm | Circular Facades – Design for Disassembly and Reuse | Ms. Jincy Mariam Rinu Lead Façade Engineer, GHD |
| 16:00pm - 16:30pm | Strengthening of Fastening with Post-installed Reinforcement/Fire Design | Dr. Thilo Pregartner Applied Research and committee work, fischer Group |
| 16:30pm - 16:45pm |  Coffee Break | |
| 16:45pm - 17:15pm | Panel Discussion – Retrofitting trends, codes, techniques | Prof. Konrad Bergmeister, Prof. Ashraf Biddah, Dr. Máté Tóth, Prof. Mohammad Al Hamydeh |
| 17:15pm - 17:45pm | Seismic Safety, Cost Efficiency, and Sustainability of RC Shear Wall Buildings in Dubai: Insights from State-Of-The-Art Research | Prof. Mohammad AlHamaydeh Professor of Structural / Earthquake Engineering American University of Sharjah. |
| 17:45pm - 18:15pm | Low invasive fastening solutions for seismic strengthening | Dr. Erik Stehle Applied Research and committee work, fischer Group |
| 18:15pm - 18:30pm | Vote of Thanks, Photo Session | Mr. Gürol Sevim Managing Director - fischer MEA |
| 19:00pm Onwards | Networking & Dinner | All |
